

Heaven's Light is Our Guide

**Department of Electronics & Telecommunication Engineering
Rajshahi University of Engineering & Technology**

**Laboratory Report on
ETE 2110 (Electronic Circuit Design and Simulation Lab)**

Experiment 3

Experimental Study of i) Different types of operations on arrays & processing signals in LPF using MATLAB ii) Designing a BJT circuit using simulink.

Submitted by:

Hossain Mohammad Ratul

Roll No. 2404002

Session: 2024-25

Submitted to:

Sharaf Tasnim

Assistant Professor

Dept. of ETE, RUET

Date of Experiment : 28/07/2026

Date of Submission : 04/08/2026
